THIS MONTH'S MESSAGE

I want to talk about the Aura this month, its significance and the possibility to see it and use it. We have all heard about the existence of the Aura, but only a very few can actually see it (especially more after practice).

The Aura is a type of radiation that comes out of any object that consists of molecules and atoms: a table, chair, stone, butterfly, cat, and people. The difference is the radiation that comes from people is moving, and with everything else it is static and shines all around. The radiation from strong, spiritual people is more remarkable, powerful and intense. Through this radiation we can diagnose the person in terms of his health and his/her reincarnation.

5,000 years ago in China, we see how they diagnosed people through this radiation and how they took care of it through acupuncture. They called this radiation CHI: Shield Chi, Initial Chi and Nutrition Chi.

According to the Chinese theory, this Chi (energy) is flowing around a person in a pattern called "Meridians" that go around the body around 50 times in 24 hours.

ANNOUNCEMENTS

(continued from Page 1)

If something happens to the body, there is problem with the movement of this energy. The Chinese needles in acupuncture balance the flow of this energy.

Chinese Chi is divided into "Yin energy" (cold) and "Yang energy" (hot). They can see and diagnose how both energies flow around the body.

In addition, there is an accumulation of energy in a certain area, or lack of energy in another area, which can be diagnosed when we move our hand from 5 to 10 inches away from the patient so that we can feel the hot or the cold energy that comes out to the center of our hand. This is called Chakra.

"Chakra" is the energy center. There are 7 main Chakras in our body and another secondary, smaller 15 Chakras, some of which are in the center of the hands. When we are babies, we can see them much better than when we grow up. When we are babies, we can also see something upside down and yet have the ability to reverse it in the brain.

So, the way to see the radiation when we get older is through overcoming the mental block that we got from people when we became mature. Metaphysical methods and training can enhance our ability to see the radiation. We can also diagnose the existing sensations through watching the color of the Aura. The colors come from these centers called Chakras. Every center has a different color and light.

This is why when we are tense, we can absorb the sensations through the radiation. We will ex-

plain more about the different colors that come from each Chakra and how our sensations affect the structure of the radiation.

Moreover, the power of the Aura is created through the power of the metaphysical and mental personality. The more we develop spiritually, the better we can diagnose.

Group Healings & Lectures

We conduct group healings every 2 weeks. Once a month we have lectures, which is a simple way to experience and learn more about bio-energetic healing. The lectures cover: Healing, Spirituality, the Aura and Chakras. Following the lecture, an intense group healing meditation takes place. See the Calendar below for the dates.

The Individual's Aura— or Template

Sometimes a healer creates his or her primary healing effect by supplying particular frequencies of etheric (higher) bio-energies to a client's etheric body. Mr. Kolman refers to this as the aura. The aura is a holographic bio-energetic template surrounding the individual—a type of spatial wave guide that assists the molecular/cellular systems of the body to achieve proper organization, orchestration and energetic balance.

If the template is healthy, the body resides in a state of health. When the etheric body is distorted and its organized patterns become disrupted by a wide variety of influences, the physical body slowly

follows suit by manifesting illness.

The organization of the aura controls the orderly cellular behavior of the body's systems. It is the aura of the etheric body to which Mr. Kolman actually directs his healing bio-energy. When the influence of the etheric body has totally ceased, as in death, component molecular parts return to the chaotic disorder of inorganic matter.

The individual aura is the wave guide that controls the flow of life energy into the body. Patterns of illness occur at energetic levels before they become manifest at cellular levels. Dysfunctional subtle energetic changes in the etheric body may precede physical/cellular changes of an overt illness by weeks to months. Mr. Kolman can see that effect among some of his clients, and is able to predict upcoming symptoms of sub-clinical illness by reading one's aura.

Distance Healing

Distance healing is performed while you sleep or rest. When your body is resting, your chakras—your energy centers—open up. This is when Ze'ev can easily transmit electromagnetic energy from his mind into your energy field for the purpose of healing. You only need to know the time for your body to be "tuned into" the same wavelength during the distance healing session.

Ze'ev recommends distance healing for clients who are too far away or are unable to come to the office because of a busy schedule or illness. Distance healing is also very effective, and just as powerful as a private session. It can even be stronger because the body is very open to receive energy while

resting. Some clients also experience tingling sensation during distance healing, or a wave of heat, while others experience no physical presence. The effects are the same. Sometimes a client will awaken during the time of the healing. If this happens to you, stay in bed in a relaxed state.

Distance healing works for many, but not for everyone. It depends on how long you have had the condition, how open you are to healing, and how well your body receives the energy for healing.

Here are the requirements for Distance Healing to be really successful:

Distance Healing Requirements

1. Photograph
2. Complete address
3. Telephone numbers
4. Date of birth
5. Direction of your head while sleeping. Is it facing north, south, east or west?
6. A list of the conditions you want to focus on.

Our thoughts are like radio waves that can be sent and transmitted beyond our physical location and received at the other end—provided there is a receiver tuned into the right wavelength. This energy is transmitted through the force of my thoughts to the client who *opens* his or her channels to the proper wavelength and *absorbs* the energy regardless of the physical distance between us.

If time does not permit a regular distant healing, I will sometimes do telephone healing. My eyes can be open or closed. The process and techniques are the same as in distant healing.

Testimonial

Michael Solter is an Israeli-born businessman, who has lived in New York for some time. His 67-year-old mother-in-law was hit by a car, and an ambulance drove her to Booth Memorial Hospital in Flushing, NY.

For 1 1/2 months, she was kept in the Intensive Care Unit. For 4 months, she remained in a deep coma on life-support. The medical prognosis was that she would never regain consciousness, and the doctors said that it would be best to remove the life-support and let her pass on.

It was at that moment that destiny took over. At a gathering, Mr. Solter met a man who was sympathetic to Mrs. Rubin's plight. This man suggested "that there was perhaps a way to save her life."

He had heard of Ze'ev, and Mr. Solter eagerly made the connection. The doctors at the hospital would not hear of such a treatment. However, Ze'ev went there anyway and quietly gave her a treatment. For the first time since the accident, she immediately opened her eyes.

Determined, Ze'ev told Mr Soltero, "I'll be back at the end of this week."

The second session had even more startling results.

As Ze'ev passed his hands over Mrs. Rubin and projected energy into her, the life-support equipment began to act on its own, moving, rattling as if struck by electric power.

That night Mrs. Rubin started to speak again. Within days, she was her old self. Today, more than 3 years later, she is healthy and no sign of the accident has remained. Source: *The Secret of Healing* by Hans Holzer, PhD.

PART 2—THE AURA

Some ancient Eastern manuscripts (example: Vedas and Upanishads) see the Aura as an integral part of the soul. The soul exits the body when we die, but there are many people who have developed to the point of being able to leave their body through intention alone. This is called Astral Projection or Astral Traveling.

Have you ever been flying in your dreams? The feeling is very similar to that.

Such people can view their body in the prone position, outside of themselves, and can even see that the brightness of the Aura disappears. This is similar to what happens in death. In the future we will talk more about this.

Most people can develop this ability through intensive training. They can even see and diagnose the Aura in others. This can take from a few hours to a few months. It all depends on the individual.

The intensive training includes learning how to diagnose colors that project from the energy centers. This can tell you a lot about someone.

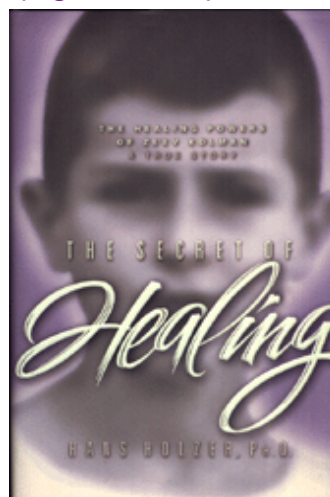

This method of diagnosis is quite interesting. Of course, there are many other ways, including palmistry, phrenology, physiognomy, graphology, the tongue, and geopathic stress areas in the home and at work. All of these methods can help us to find the best way to treat a person.

The editor of this newsletter, Kathryn, works with geopathic stress in South Florida. The meridians of the earth are similar to the meridians of the human body. When there are conflicting energies in the earth, her work is similar to acupuncture points being treated for blockages in the meridians of the human body.

Color Therapy is an outstanding technique to help cure problems. It is all about the centers of the energy called the Chakras. When we are aware of these energies that flow in our body, we can

develop all aspects of our life. Each one of you can do this with training. When you participate in workshops with Ze'ev Kolman, he teaches you how to do this. To learn more, read our Calendar on the first and last pages of this newsletter for the dates of the workshops.
